The above motion failing to receive a second, motion is lost.

Regular adjourned meeting of Council, November 2nd, 1911, 4 o'clock p. m.

Present: President of Council Dunn and Councilmen Hill and Hagan; absent Mayor Fraser and Councilman Billingsley.

By order of Council it is ordered that reading of minutes of previous meeting be waived.

Meeting was opened as an adjourned regular meeting for purpose of discussing the matter of constructing suspension foot bridge across San Francisco river in North Clifton, opposite Patterson Addition.

By motion made, seconded and duly carried it is ordered that contract for constructing said bridge be awarded to J. H. Kilsby in the sum of \$450.00, under the following conditions:

That said bridge shall be substantial; that the Town of Clifton shall furnish and pay the two main cables used in constructing said suspension bridge; that said J. H. Kilsby shall furnish and pay for all other materials used in constructing said bridge; that said Kilsby shall furnish and pay for all labor; and he shall also look after the securing and delivering of said cables.

By order of Council W. F. Hagan is appointed on committee to superintend construction of said suspension foot bridge in North Clifton.

By motion made, seconded and duly carried it is ordered that regular meeting of Council be adjourned and Council convene as a board of equalization.

Meeting of Town Council as a board of equalization, November 2nd, 1911, 4:30 o'clock p. m.

Present: President Dunn and Councilmen Hagan and Hill; absent Mayor Fraser and Councilman Billingsley.

President now declared board of equalization to be in session for the purpose of adjusting and considering matters laid on table at previous meeting held on November 1st, 1911.

Objections to assessment of various items of the Arizona Copper Company was brought up for consideration and the following changes were made:

By motion of Councilman Hill, seconded by Councilman Hagan, and duly carried, it is ordered that the following items be stricken from the assessment of the Arizona Copper Co. for the year 1911:

\$10,000 on dam, for the reason that said dam is situated outside of the limits of the Town of Clifton.

\$10,000 on improvements on Colquhoun addition, for reason that it does not appear that there are any improvements on said land, and said appears to be an error by Town assessor.

\$7,500 on Gill briquetting plant, for reason that said briquetting plant appears to have been destroyed and put into scrap iron pile before date of town assessment.

Also the following change be made in assessment of Arizona Copper Co. general office: That general office building, furniture and fixtures be reduced from \$26,000 to \$14,000; and that the remainder of said \$26,000 be added to assessment of Arizona & New Mexico Railway company general office building, furniture and fixtures in the sum of \$12,000.

Upon consideration as to further changes in the Arizona Copper Co. assessment and also assessment of Shannon Copper Co. the following action was taken:

By motion of Henry Hill, seconded by W. F. Hagan, and carried unanimously, it is ordered that the following resolution be adopted:

That should the board of equalization of the Town of Clifton make deductions in assessments of the Arizona Copper Co. Ltd. and the Shannon Copper Co. as demanded by said companies, it will necessitate a general revision of the assessment roll of the Town of Clifton, as the Town assessment roll is an exact duplicate of Greenlee county assessment of property situated within the incorporated limits of the Town of Clifton, and upon which property various raises have been made in assessed valuation over the assessment of the year 1910. Wherefore, the Council of the Town of Clifton, sitting as a board of equalization of said Town of Clifton, hereby order that the assessments of the said Arizona Copper Co. Ltd. and the Shannon Copper Co. remain as a record on original assessment roll for the year 1911; excepting such deductions made on account of errors; and that in the event of a reduction in Greenlee County assessments against the said above-named companies for the year 1911 that the Town Council of the Town of Clifton hereby agrees to make similar reductions and allowances in assessment and taxes as may be made by the said Greenlee County.

Original assessment roll was then adopted and approved and clerk instructed to make duplicate roll.

Board of equalization meeting was then closed.
